

**TMBSS SECONDARY CURRICULUM OFFER**

Formal curriculum		Personal curriculum	Developmental curriculum
KS3	KS4		
<p><b>Core offer:</b> Students have access to a core curriculum of: <b>English, Maths, Science, PSHE, Citizenship, Art, and ICT.</b></p>	<p><b>Core offer:</b> Students have access to a core curriculum of: <b>English, Maths, Science, Art, Citizenship and ICT at GCSE or an equivalent level qualification, and PSHE:</b> certificated by AQA unit awards</p>	<p>Enrichment activities and interventions that allow students to be present and available for learning. Informed by the SDQ assessments and the Social &amp; Emotional trackers.</p> <p>This is recorded in students' 'World Ready' folders. These celebrate and remind students, how they have grown and developed by being exposed to new ideas, opportunities to explore different interests and develop positive relationships.</p> <p>Recent activities have included: music and art workshops; construction; farm-based placements, outdoor education, hair and beauty, and off-site visits.</p> <p>We provide structured opportunities to engage with peers appropriately in varied forms and contexts, modelled extensively by supportive adults. For example, this may include 'meet, greet and eat', turn-taking in games, break activities and preparing and enjoying communal meals as a Centre.</p> <p>Students also have opportunity to explore these through one-to-one mentoring sessions.</p>	<p>Provides the 'tools' that allow students to access learning by supporting them to identify and remove barriers to learning</p> <p><b>Baseline:</b> A suite of baseline assessments is used alongside information from previous settings to identify gaps in learning and social and emotional difficulties</p> <p><b>Targeted Interventions:</b> Assessments are used to determine targeted interventions. These may have an academic or SEMH focus. Some students may also receive targeted support to improve their attendance.</p>
<p><b>Extended offer:</b> In addition, students may study Health, Fitness &amp; Well-being, Food Technology and Outdoor Education.</p> <p><b>Approach:</b> Lessons are delivered via a combination of thematic and traditional approaches, which supports students in making connections between subjects and improving knowledge acquisition and retention. Students celebrate success through AQA unit awards.</p>
